

HOW TO GET ACCOUNT LOGIN/PASSWORD AFTER PAY BY PAYPAL?

After pay by PayPal information like e-mail , transaction ID and amount will be use to create user account.

!!!REMEMBER!!!: By share to somone,post that data anywhere we do not take any responsibility and we will do not back losed money/credits. It's Your money and every user should care about it.

!!! PLEASE DO NOT POST PAYPAL INFORMATION TO PUBLIC ON FORUM OR ANYWHERE !!!

1. Download correct client software

For SonyEricsson phones:

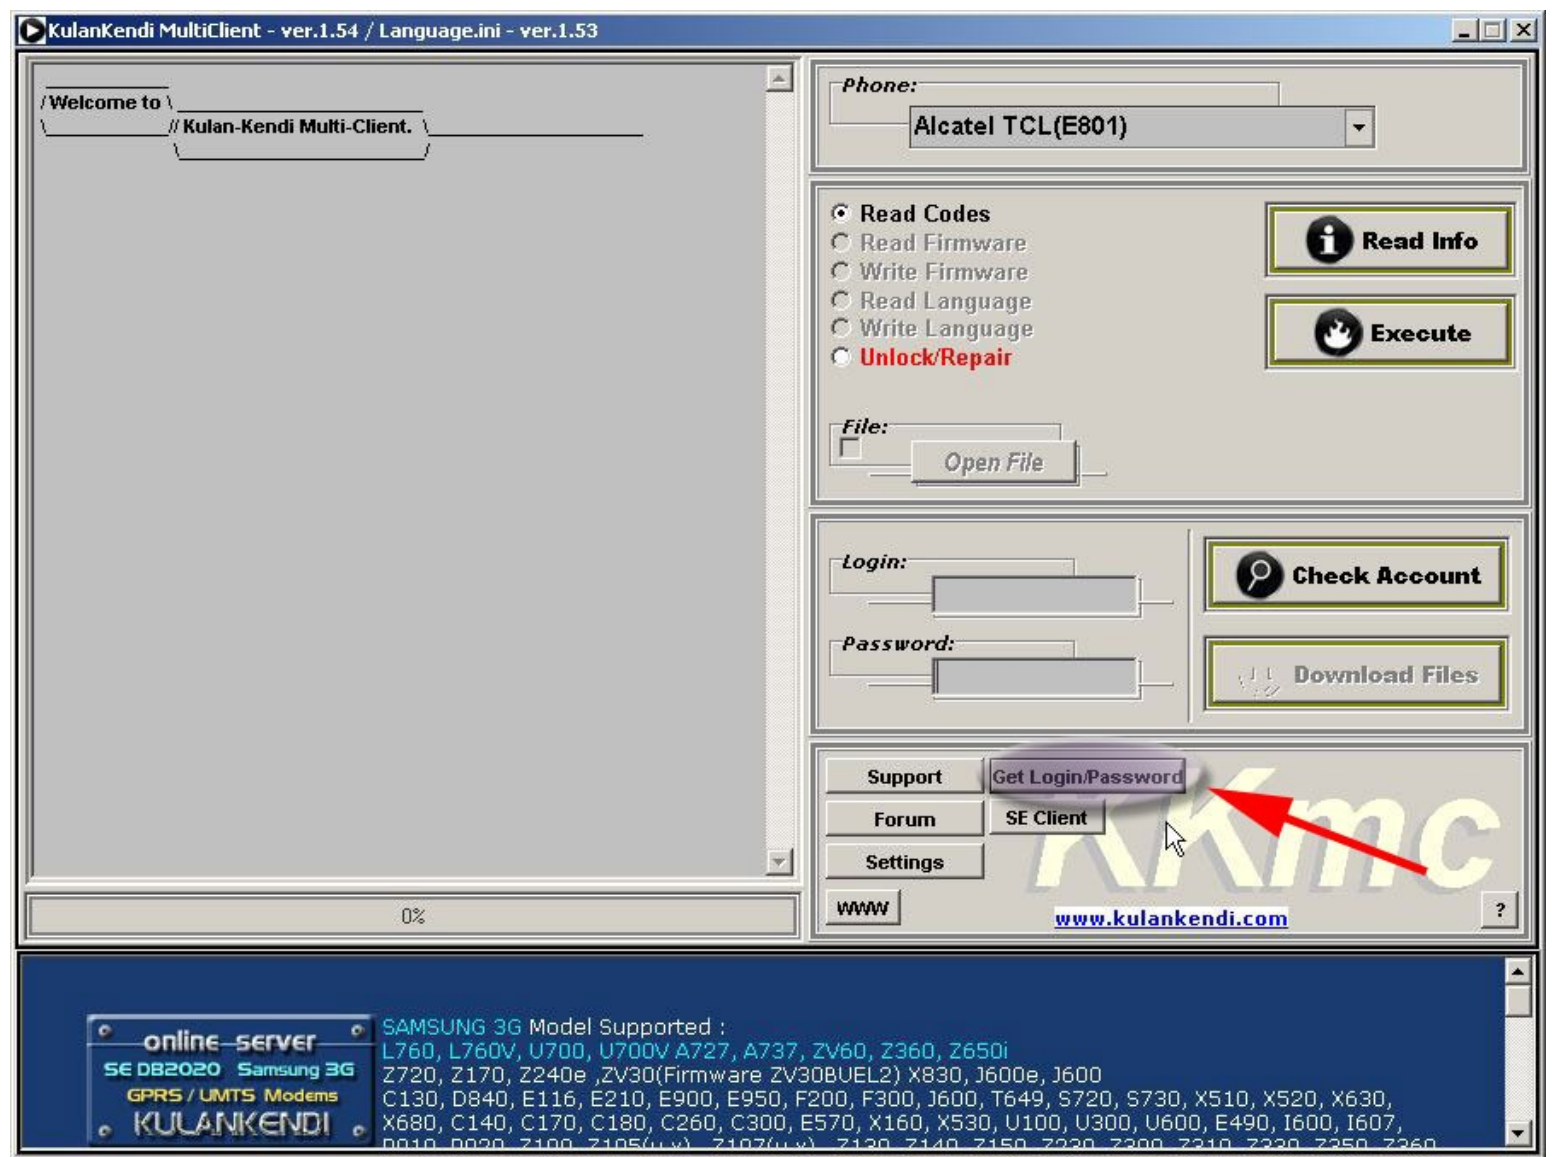

http://gsminfo.home.pl/_ftp/guar/KK_Client/KKClient.exe

For Samsung,Modems,Motorla F3,Sagem,Alcatel(MultiClient):

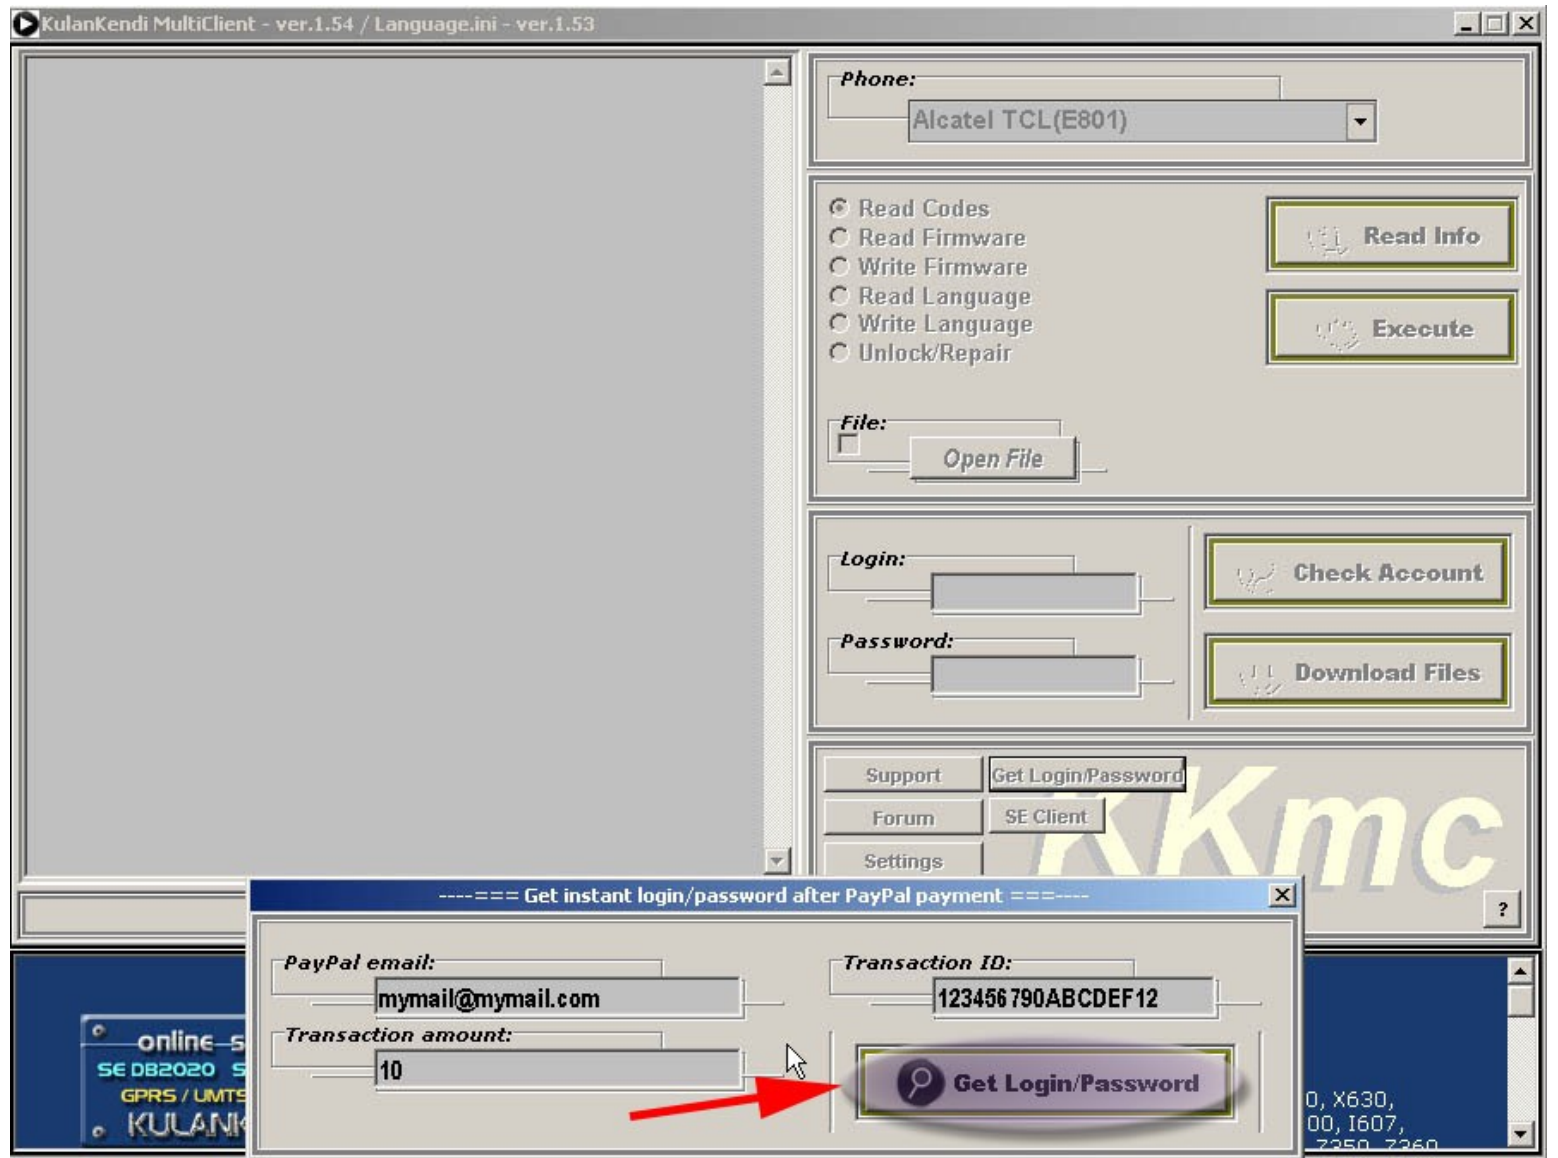

http://gsminfo.home.pl/_ftp/guar/KK_MClient/KK_MClient.exe

>>> In this example is shown MultiClient software but procedure is same for SE Client

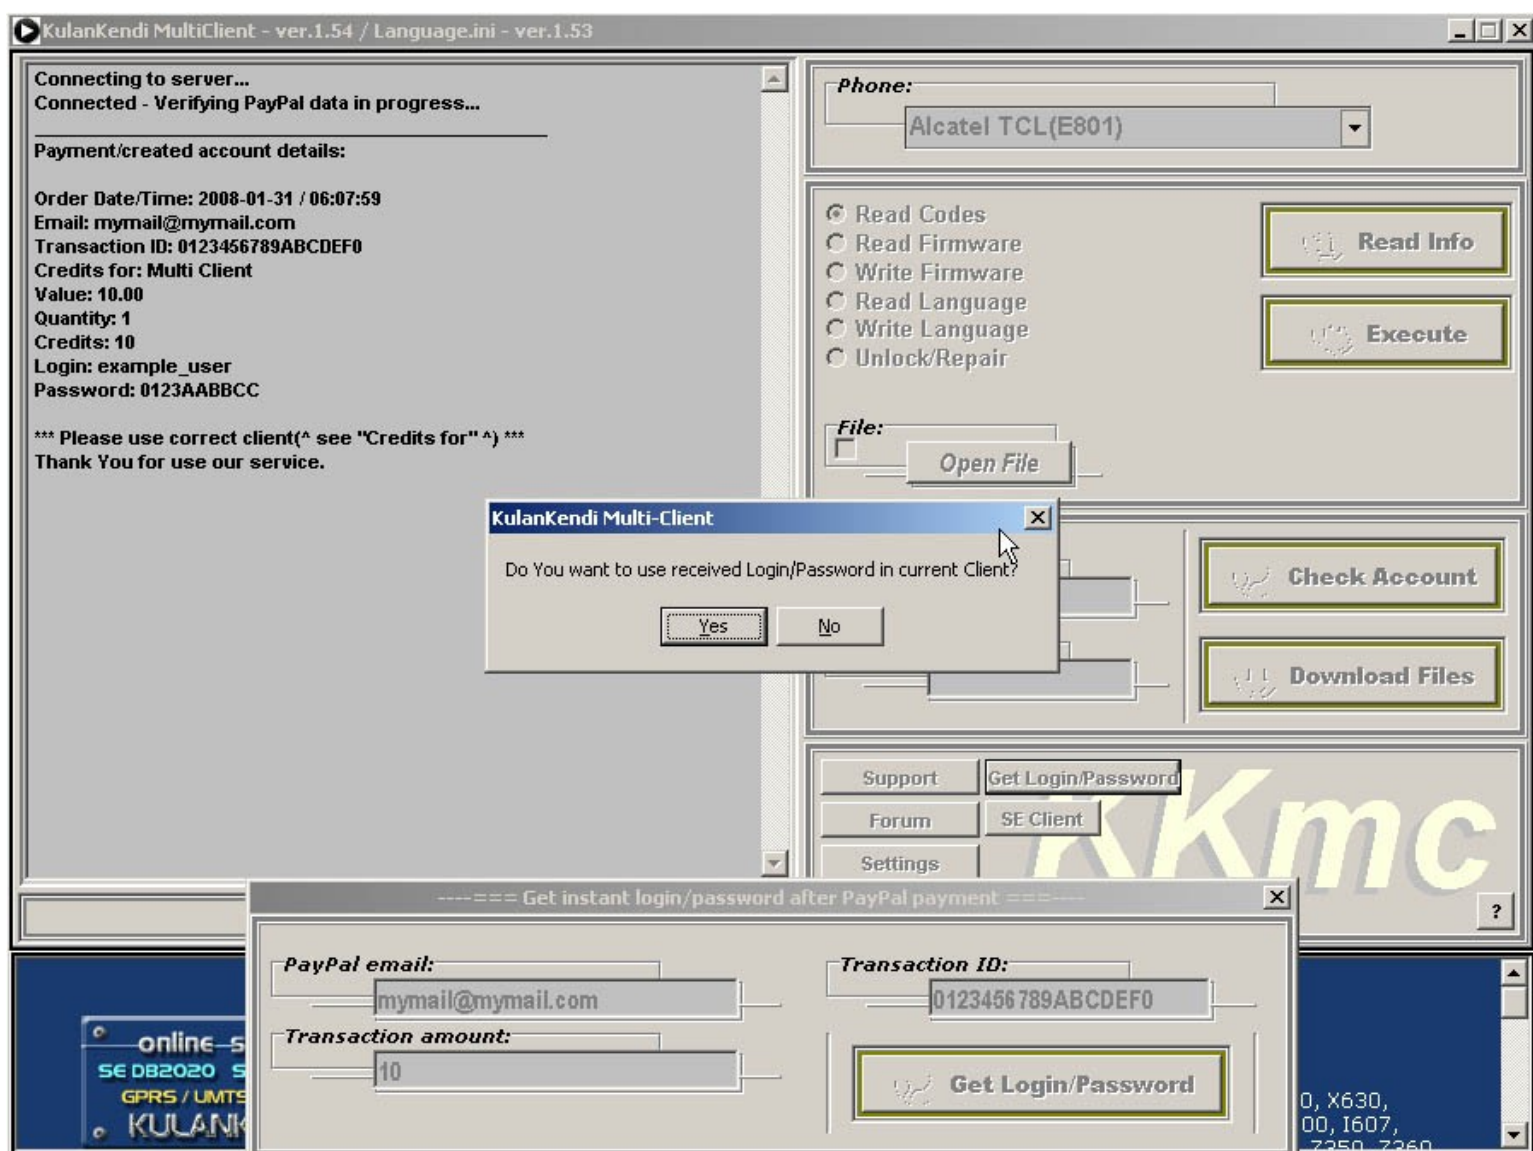

2. Run it and click on “Get Login/Password” button

3. Fill up all required edit boxes with correct PayPal information and click “Get Login/Password” button.

4. If all data was correct then server will send account Login/Pass and other information and will ask if use received Login/Pass in current client. If You want to write it by software click YES otherwise NO. We propose to click YES because software will verify if correct client sw is used.

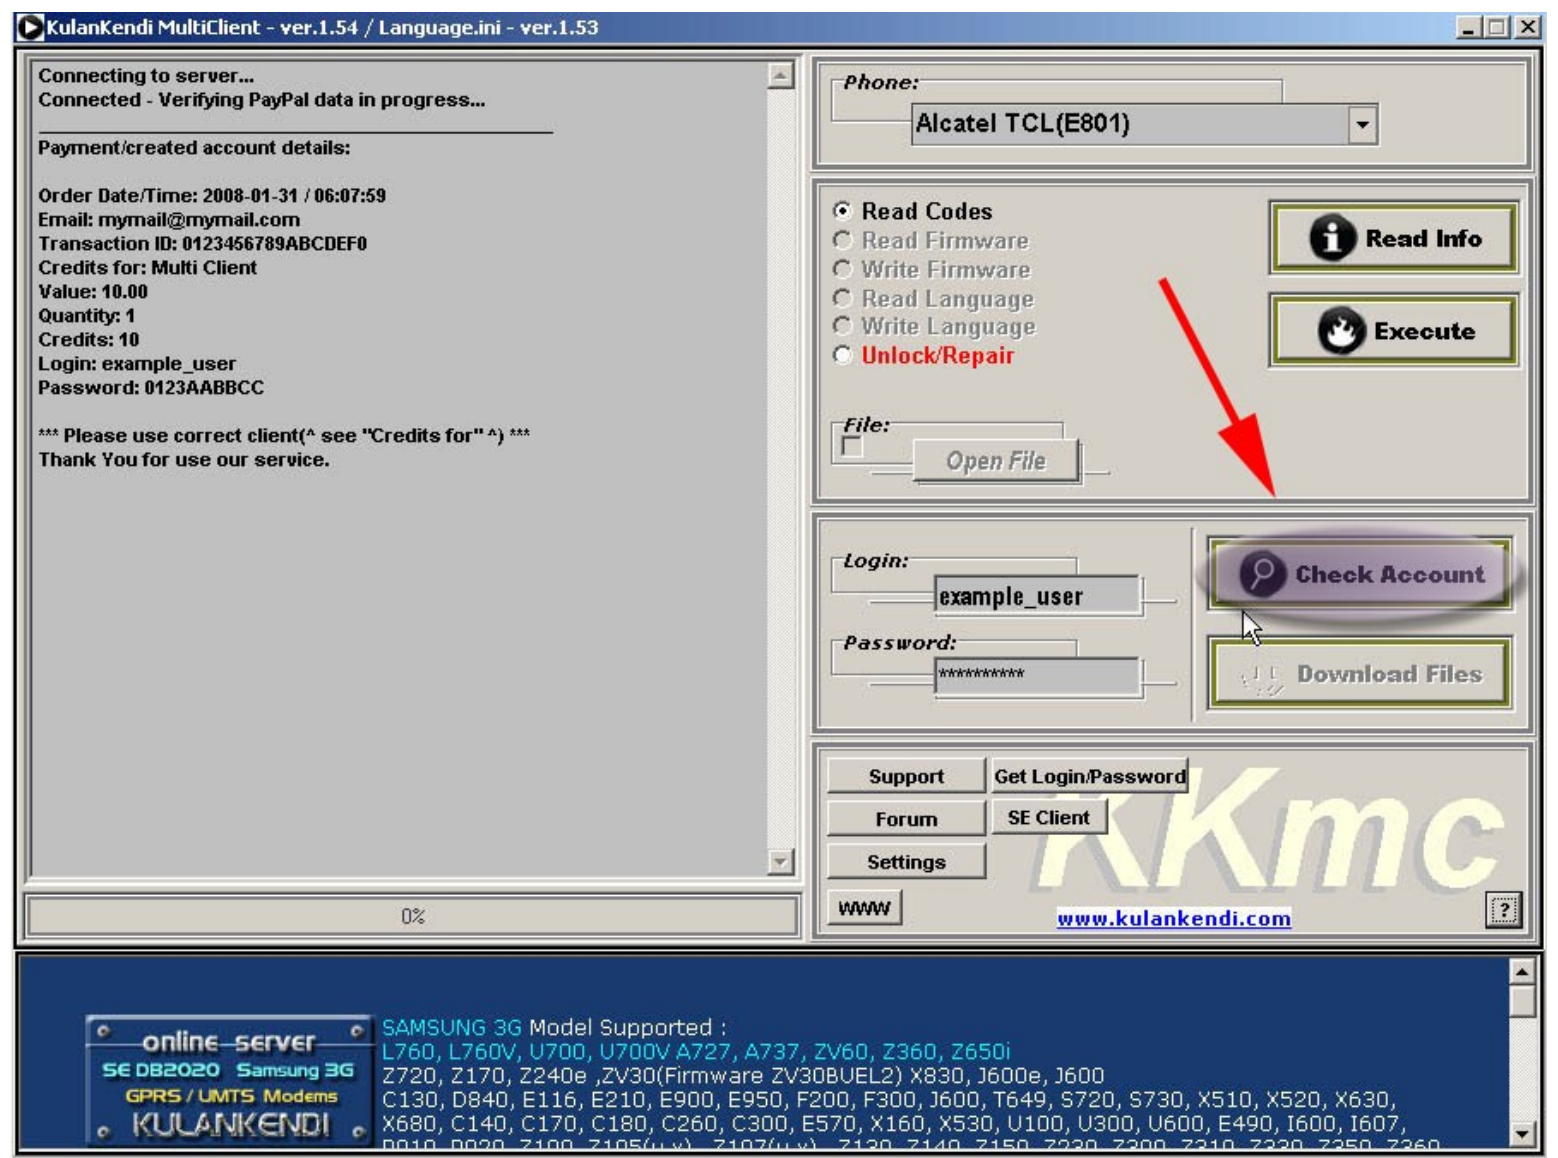

If You choice NO then You must write Login/Password self to client software, please remember that Login/Password are **CASE SENSITIVE**(a is not equal to A etc).

If server will send other information/error and You are sure that entered PayPal information are correct, please contact us by mail at : allpay@gsminfo.pl (or use Private Mail at gsmhosting forum) with Your PayPal information and error/information sent by server.

!!! PLEASE DO NOT POST PAYPAL INFORMATION TO PUBLIC ON FORUM OR ANYWHERE !!!

5. If there was no error after select “YES” in previous step then client is almost ready for use. If You will see notification “This login/pass is not for this client...” then look at next point. Last step is to click “Check Account” to be sure that account works.

If Shown any error after Check Account then please contact with by mail: <mailto:allpay@gsminfo.pl> (or use Private Mail at gsmhosting forum) with Your Login/Password and detailed error information.

6. If You got notification “This login/pass is not for this client...” then it mean:

- a) You use wrong client software. Click OK button on notification window and client will try to download correct software.
- b) You did mistake and You buy credits for wrong client on KulanKendi web page. In this case contact us at followed address shown previously .
